Lloyd Coneybeare

Harold Bannon

versus

Most reeves acclaimed throughout the county

Dysart Reeve Murray Fearrey has been acclaimed for another two year term.

The position of Deputy Reeve will be contested by Harold Bannon, at present a councillor, and Lloyd Coneybeare, incumbent Deputy Reeve.

In by acclamation in Ward One is Roy Brohm, a long-standing municipal government veteran. Gary McKnight has also been acclaimed in Ward Two and will follow up on his first term of service which he began two years ago.

Ward Three will be decided at the polls following Lawrence Morrison's decision to step down after almost ten years. Contending for the position are N.J. Denholm, Carl Simms and Maxine MacGee.

Four positions on the Haliburton County Board of Education will also be contested by Dysart et al. All four incumbent trustees are running in the election.

Dorothy Way, who has served for eight years, Richard Poole, present chairman of the Salary Negotiating Committee of the Board, Len Salvatori, a member of the Board for 12 years and Dennis Waymouth who has represented Dysart et al for four years will all seek re-election. Tom Little and Earl Cooper have also submitted their names for the balloting. A nomination for Holly Sisson has been withdrawn.

Reg Booth, Reeve of Anson, Hindon and Minden has been acclaimed for another two year term as Reeve of the municipality after many years of service.

There will be an election for the position of Deputy Reeve. The candidates are Doug Pritchard, the incumbent who has held the position of Deputy Reeve for four years, and served for two years prior to that as a councillor and Robert Gorrie who is contesting the position.

Mr. Gorrie has served on the council for 12 years. Polling will also determine positions on the council. Incumbents Alan Coneybeare and Helen Johnson will seek re-election.

Earl Hewitt, familiar to the municipality where he has served for almost 17 years as the road superintendent is now a candidate for councillor.

Len Lonsberry, after serving on the Haliburton County Board of Education for a number of years is now seeking a position on the municipal council.

Gary Warburton will run for council, as well Bruce Nesbitt, who was a candidate in the last election. Lyle McKnight, another well known resident has also decided to serve on the council if elected.

The final candidate to announce his intentions was Alan Cooper, who served on the council in 1969 and 1970 and hopes to be re-elected.

There will also be an election for the two positions of school trustee for the municipality. Lloyd Johnson, after four years on the board, the last of which he has spent as chairman, will seek re-election. Yvonne Penney hopes to gain a position on the board and Donald Booth late on Monday also declared his intention to run.

Reeve of Stanhope Township since 1968, Sinclair Nesbitt will continue to fill that position, having been acclaimed when nominations closed on Monday.

A contest for Deputy Reeve will involve the incumbent James Harrison and present councillor Harry Davis, both well known for their work on the council.

Incumbent councillors B. Napier Simpson and John Tomlinson will stand again in this election. They will be running against Elgin Stouffer, John B. Muise and Elvin W. Johnson, all of RR 2 Minden.

Several candidates have stepped forward for two positions of school trustee on the County Board. Incumbents Wilfred Mason, who has served the education system since before the County Board was established and Evelyn Hewitt Gibson will seek re-election.

Will not share pound

Anson, Hindon and Minden council rejected an offer made by Dysart et al to share the Dysart dog pound facilities.

At Dysart council on October 18, the suggestion received approval from that municipality on the grounds that joint use would help pay for the pound.

The cost of maintaining the pound, to be split half and half between the two municipalities would mean that Anson, Hindon and Minden would be paying \$300, not including driving and other arrangements, for about six stray dogs per year.

Clerk-treasurer Richard Parisotto said that in three years, this municipality would have paid for a pound, and estimated that the cost could be as high as \$500 yearly.

Police detachment

Council will take request to top

Dysart et al Council will be taking its request for an Ontario Provincial Police detachment straight to the top after a refusal by Police Commissioner H.H. Graham for a meeting.

Council passed a resolution which was proposed by Councillor Harold Bannon Monday, to request a meeting with Roy McMurtry, Attorney General of the province.

Councillor Bannon said that a letter from the police commissioner was nothing better than a flat no.

The letter from Commissioner Graham stated, "This matter has been carefully examined on several occasions as a result of your submissions and has also been reviewed under our manpower deployment study at regular intervals. I see no fundamental change of circumstances which would justify the considerable duplication of office space, administrative support services and extra equipment involved in the establishment of a new detachment operation."

The commissioner went on to say that the decision to close the Haliburton detachment was not made without careful consideration. The realignment of services was in the best interest of operational efficiency and there is no evidence to refute the wisdom of the decision.

The regionalization of many Southern Ontario municipalities has affected policing as far as the force is concerned. However, takeover by regional police forces has been a gradual process and no surplus manpower conditions have arisen. Normal attrition has equalized the manpower requirements in the majority of cases. Allied with this factor are transfers of constables who have succeeded in promotional competitions. In fact, the population growth outside major urban and regional areas has placed a strain on the resources of the Force so that any advantage gained by regionalization has been more than negated," he said.

The commissioner went on to say that he is satisfied that the quality of policing service provided in Haliburton by members of the Minden detachment is commensurate with standards prevailing throughout the province.

"Any decision to reopen the Haliburton detachment would reduce the protection afforded other communities in Haliburton County without bringing any significant upgrading of service in your own community," he said.

The commissioner noted that although he is unable to accept the council's invitation for a meeting, Superintendent L.H. Erskine, OPP district headquarters, Peterborough, would be "pleased to attend on my behalf and discuss the matter in greater detail as he has on previous occasions."

Fearrey not happy with letter from police commissioner

Dysart Reeve Murray Fearrey told The Echo that one of the more important aspects of policing is the prevention of crime which he said is helped by the presence of police in an area.

Reeve Fearrey was commenting on a letter from Ontario Provincial Police Commissioner H.H. Graham which refused a meeting with Dysart et al Council.

Reeve Fearrey, commenting on segments of the letter said it has never been explained why the detachment was taken out of Haliburton in the first place.

The reeve noted that as far as he knows the Ontario Provincial Police never asked for information from the municipal council when it decided to take the detachment out and has not sought more information when asked for a new detachment in Haliburton Village.

He said he is not arguing about the quality of policing by the Minden detachment of the Ontario Provincial Police and said he does not doubt that it is as good as any area of the province.

He pointed out that although it would cost for some duplication of services between a detachment in Minden and Haliburton he said there must be some cost in a detachment in Minden policing the county considering it is 15 miles off centre of its area.

Echo Inside

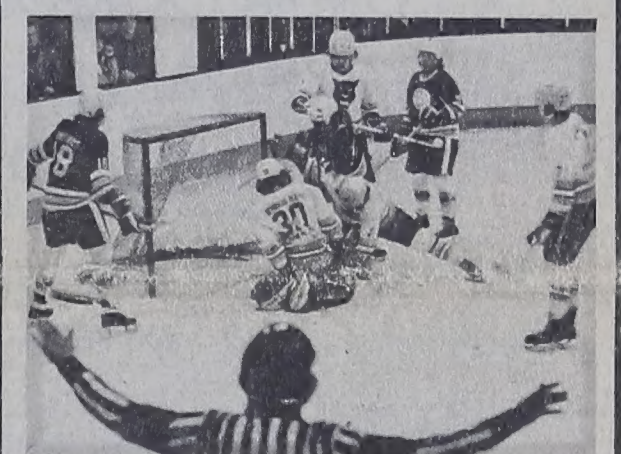

Chocolate cheese pie

Have you ever made a chocolate cheese pie or perfect chocolate cake? If you haven't see This and That by Jennifer Woods on the Family page of the Haliburton County Echo.

Nine car crashes

The Minden detachment of the Ontario Provincial Police investigated 49 general occurrences and nine motor vehicle collisions during the week of Nov. 8 to 14. For more details see page 12.

Huskies downed 7-5

The Haliburton Huskies came up with a few too many penalties in the second period of their game with Bobcaygeon and ended up on the short end of the stick in a 7-5 score. The Huskies took a 2-1 first period lead only to watch the score go up to 5-3 in the second period when the club took two major penalties in a row. For more details on the Huskies game and other sports see page 6

Stuck with two on Board of Education

Anson, Hindon and Minden council will be represented on the school board for the next two years by two trustees instead of the three that should be allotted to the municipality.

According to the Education Act and the school population of the area, Anson, Hindon and Minden has a right to two representatives on the Haliburton County Board of Education.

Council received a letter, read at council on November 10, from Sheriff Gordon Pepper. The matter of representation had been appealed by the municipality in July. It did not receive attention from the late judge Richardson, and to date, no new judge has been appointed.

It has become too late to proceed with the appeal before the approaching election. Sheriff Pepper noted that the onus is on the courts to see that the appeal is processed, and that it should be done at the beginning of the coming year.

Anson, Hindon and Minden council passed a resolution to engage a lawyer for the undertaking. The decision was made with the consideration that the cost would "be worth it if we end up getting the third trustee" according to clerk treasurer Richard Parisotto. Reeve Reg Booth noted that the municipality could not back off now that it had gone this far.

Wreaths, in memory of those who lost their lives in the two great wars, were laid on Remembrance Day by the Salvation Army, Legion Branch 129, the Board of Education, Haliburton Highlands Secondary School, Haliburton Highlands Senior Elementary School, Haliburton County, Stanhope Township, Monmouth Township, the Ladies Auxiliary Legion Branch 129, Municipality of Dysart et al and the Municipality of Anson, Hindon and Minden, Mrs. Gilbank and Mrs. Kellie.

OHIP, Hydro

Eakins questions increases

Speaking in the Ontario Legislature recently John Eakins, M.P.P. Victoria-Haliburton, told Energy Minister Dennis Timbrell that it was most unfair to the workers of Ontario for his government to support an anti-inflation program that restricts salary increases to the workers, and at the same time introduce Hydro, increases and OHIP premium payments which far exceed the anti-inflation guidelines.

Mr. Eakins went on to say that for years, the Provincial

Government has permitted - even encouraged - Ontario Hydro to operate without effective legislative control. Establishment of the select committee was the first attempt to really enquire into Hydro's activities. Perhaps the real question at issue is - "Why has the Government permitted such independence of action in an area in which it has direct jurisdiction responsibility?"

"In 1974, the Hydro rate increase was 10 per cent; 1975, the increase to muni-

cipalities was 12.4 per cent, to direct industrial customers 15.2 per cent; 1976 - 22 per cent was the figure, and for the 1977 the requested increase is 30.3 per cent. Exponential growth has, it seems, become a matter of hydro policy - at every level. Whether this is necessitated by consumer demand, or whether it places an unnecessary financial burden upon Ontario taxpayers, it would seem to be a matter of no importance to either Hydro or the Provincial Government," he said.

Last October, in the Throne Speech, the Government appealed to the people of Ontario to be resolute in the fight against inflation. The government also decided that the national anti-inflation programme should apply directly to the public sector in Ontario, Mr. Eakins said.

He noted that in all fairness, how can the government call upon the people of Ontario to accept the anti-inflation restrictions of increases on salary increases, and at the same time permit the imposition of increases in OHIP premiums, hydro rates, etc. which far exceed the anti-inflation guidelines?

"Hydro's rate of expansion is not inevitable. It has already been demonstrated that capital expansion can be reduced. When the Treasurer issued a directive that spending must be reduced by one and a half billion a year, Hydro cut their targets from 7 per cent to 6 per cent in annual growth. Two months previously they had said that this was impossible but they reduced the targets in approximately three weeks," Mr. Eakins said.

He added "we believe that a capital load management programme would reduce the increase in demand still further. 5.4 per cent is a reasonable rate of increase which would result in ultimate savings in cost to the consumer."

"Right now we have

sufficient reserve capacity - I believe there is 38 per cent reserve, and that is over and above peak consumption, Mr. Eakins said.

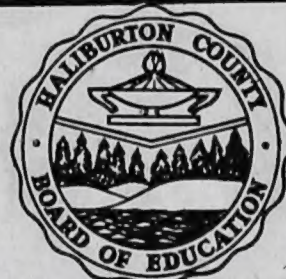

He noted that Hydro has failed to reduce peak consumption by incentive pricing - it has not changed its pricing method to encourage energy conservation. Although Hydro's own figures for 1975 demonstrate that the cost per kilowatt for thermo-nuclear electricity is about eight times that for hydraulic power, the Government has made such a firm commitment to nuclear powered electricity that hydraulic plants have been closed down rather than repaired or refitted.

"Throughout the world, the entire question of nuclear power is being re-evaluated. This is the situation in Japan, in Holland, in Scandinavia. In Britain, a Royal Commission has recently warned against a major commitment to nuclear power for electricity, citing the danger of nuclear wastes and the 'entirely credible' possibility that terrorists might seize nuclear materials," Mr. Eakins said.

He suggested that for environmental as well as financial reasons, Hydro should scale down expansionist policies, concentrating upon energy conservation, load management and other methods of reducing generating capacity targets. The funding of Hydro plans for future expansion place an unreasonable and well-nigh intolerable financial burden upon the people of this Province.

"Ontario Hydro can no longer be permitted to operate outside the control of this Legislature. It is the

responsibility of the Premier and his Ministers to ensure that Hydro is accountable to the people of Ontario through their elected representatives," he said.

Haliburton County
Board of Education

TENDER

Tenders will be received by the undersigned until December 10, 1976 for #2 Grade Fuel Oil for the year 1977 for our schools in the following places:- Minden, Haliburton (4 schools), Gooderham, Wilberforce and Cardiff.

Approximately 175,000 gallons will be required.

Further information can be obtained from the Board Office.

It is preferred that oil be delivered before or after school hours for safety reasons and must be on an automatic delivery service policy. Metered slips must be attached to the invoices and sent to the Board Office for payment.

Bids should be firm for the year.

The lowest or any tender will not necessarily be accepted.

In the event of there being more than one acceptable low bid the contract will be re-tendered.

Please mark "Oil Tender" on the envelope and address to:-

Mr. J. Douglas Hodgson, Director of Education,
Haliburton County Board of Education,
P.O. Box 507,
Haliburton, Ontario K0M 1S0

Charges

put over to

Lindsay

David J. Reilley of Toronto, charged with impaired driving and with driving with a level of alcohol in the blood exceeding .08 per cent, appeared before the provincial court on Tuesday, November 9, Crown information on the charges, however, was not available at the time, and the matter was put over until Wednesday, November 10 to be tried at the court in Lindsay.

Bench

warrant

issued

Larry K. Preston of Newmarket, called before the provincial court in Minden to answer four charges, failed to appear on the trial date of November 9. The charges are impaired driving, refusing to blow a breath sample, assaulting a police officer and driving with an open container of liquor in the car.

A bench warrant was issued for his arrest and for the arrest of Mervin Edward Preston, charged with obstruction of the police and assaulting an officer. Preston, of Burnt River, also failed to appear.

Both cases have been set over to Dec. 1 for trial.

A number of local people attended a small business seminar last week at the PineStone Inn. The seminar, which was conducted by the Federal Business Development Bank, covered a wide range of topics including analysing the problems of small

-businesses. The seminar was for people who operate their own business, manage someone else's business or expect to start a business. About 25 people attended the one day session.

Board supports move against tax reform

The Haliburton County Board of Education at its November meeting passed a resolution in support of the Lanark County Board of Education and its objection to the Provincial Tax Reform that is a part of the coming Provincial Budget.

The Lanark Board has asked the Commission on Property Tax Reform that there be a delay of one year before the program, based on market value assessment, is put into practice. The Lanark Board feels that there is insufficient information as yet with regard to the effects that this new method of assessment would have on the taxpayers, the municipalities and the Counties.

Part of the objection stems from the process of phasing the Tax Reform to prevent abrupt changes in taxes. This process, the Lanark Board has stated, lacks definition.

An objection was also made to the Reform on the ground that there is insufficient evidence, the Lanark Board feels, that residential properties will in fact pay a reduced share of property taxation.

Questions were also raised about the source of provincial funding of taxation for farmland and managed forests, which are to take a great reduction in taxation, according to the Reform.

The Haliburton Board registered its agreement with the Lanark Board. Copies of the Lanark resolution have been circulated for comment to all school boards in the province.

Bus will stop in safer place

After a great deal of discussion at the Haliburton County Board of Education meeting held November 9, Paul Pilon who approached the Board secured assurances that the school bus that transports Mr. Pilon's children will stop at a location that is considered to be safer than the present stop.

Mr. Pilon, of Moore's Falls, was concerned about the safety of the stopping place at the interchange of the Deep Bay Road and highway 35. The bus is now to stop in front of the Pilon residence on the travelled part of highway 35. The bus is no longer to stop in the deceleration lane at the interchange.

Council Capsules

The Ministry of Government Services has purchased a parcel of land near the village of Harcourt to be used by the Ministry of Natural Resources. Dysart Reeve Murray Fearrey said that the municipality will have to find out what kind of grant it is getting in Lieu of taxes for the property.

DPD Construction, Dysart et al and a backhoe operator have all been charged with the cost of repair of a Bell Telephone line running through the new culvert. Council noted that Bell claims the line was cut during the construction work.

The assessment office wants Harcourt Park assessed as one unit, not individually as has been the practise in the past. Dysart Reeve Murray Fearrey said that people from the assessment office should be invited to attend a council meeting to explain why they are doing this.

Principal, teacher visit with board

Brian Mosgrove, principal of Haliburton Highlands Secondary School, and Alan Oakley, Head of the Commercial Department at the school spoke with the Haliburton County Board of Education at the monthly meeting of the Board held on November 9.

Mr. Oakley was present to report on the philosophy, goals and present set up of the department. It is hoped that the commercial department will help to overcome the statistics of unemployment of recent graduates of the school system. The program at the school provides work weeks for Grade Twelve students to increase their awareness of the job situation, and Mr. Oakley said that this seems to help the students a great deal.

The program at H.H.S.S. employs 11 teachers on full and part time basis, both for days and night school students. The success of the program can be measured

by the fact that graduates from H.H.S.S. who attend Sir Sandford Fleming College are often excused from the first three month's work at that institution due to the good training that they have received at the secondary level, Mr. Oakley reported.

It is hoped by the Board that Mr. Mosgrove will visit the Board in the future with another Department Head, it was stated at the meeting.

Both the Board members and Mr. Oakley were pleased with the communication that is possible between the Board and its employees in a community of this size.

Ratepayers pick Fearrey by acclaiming him to head local post

The Municipality of Dysart et al has been well served during the past two years by Reeve Murray Fearrey who was acclaimed to office as the nominations closed Monday night. Although most people, including the politicians, would like to see an election, Reeve Fearrey's acclamation to office is a true indication of how the ratepayers assess the job he has done during his term of office.

In private conversations with The Echo, Fearrey has voiced his strong desire to serve this municipality and make it a better place for the next generation. In public he has taken

stands on issues that he feels are right, regardless of pressures. Above all, his belief that what goes on in council is in the public domain puts him a cut above most municipal politicians. Fearrey once told The Echo that it's a poor man who won't stand behind what he says in private under the light of public scrutiny.

It is because of these attributes that The Echo and the reeve have developed an excellent working relationship that can only benefit the ratepayers. Veteran councillors and rookies alike would do well to follow the leadership of Murray Fearrey.

Commissioner blunt in refusing municipality

Ontario Provincial Police Commissioner Harold Graham's refusal to meet with Dysart council to discuss police protection in the municipality will have to be taken to higher authorities.

The Ontario Provincial Police are a branch of our provincial government. Requests from all people to that branch should be looked at very closely especially when the requests are from a municipality.

What is commissioner Graham afraid of? If it is impossible for him to allow a new detachment in Haliburton Village all he has to do is meet with the council and tell him. From there the commissioner can, or at least should have some answers for the council.

He should be able to tell the council

why a detachment is impossible and answer questions regarding other alternatives, such as more officers for the Minden detachment.

No commissioner Graham, you do not have to answer the voters, but Dysart Council has to. What are they supposed to say when people ask about police protection in Haliburton Village?

The council has set a course to try to obtain better police protection for Dysart, a job that has been going on for at least 10 years. Many municipal leaders in Dysart have worked for many hours to bring better police protection to Haliburton. It is about time someone with authority sat down with the council and give reasons why this better protection cannot be obtained.

Cross country skiing what the doctor ordered

A fast growing sport in Canada at the present time is Cross Country Skiing. Its becoming very popular and more and more people are purchasing skis in an effort to get into the action and see the country side.

By taking up the sport of skiing it gives the individual the opportunity to get out and breathe in the good fresh air and also its a good way to keep in shape.

For all those people who like to get out in the fresh air during the winter and enjoy the scenery should make an all out attempt to attend a meeting of the Haliburton Highlands Cross Country Ski Club to be held on November 22nd at 7:30 p.m. at the Haliburton Highlands Secondary School.

The club has been very fortunate in

obtaining as its special guest speaker Mr. Fred Loosemore, an authority on cross country skiing and ski equipment. This speaker should prove to be very interesting and he will be on hand to also answer all your questions you may have on the subject of cross country skiing. Mr. Loosemore will be explaining what cross country skiers should be looking for in equipment.

Dr. Blair Pierce, an active member in the club said that members have been working on a new trail in Glebe Park during the past few weeks and the trail is nearing completion.

Dr. Pierce said that interest has been fairly high so far for the club so make it a date now to get out to this meeting at the Haliburton Highlands Secondary School on November 22nd.

Now that the hockey season is underway we thought that it would be a good time to run this photo. Remember when Al Blanchard played goal for the Haliburton Huskies, well here's Al in

Pic of the Past

an action photo along with Curry "Pork" Whittaker, the mascot for the Huskies. This photo was taken in 1948. Thanks to Al Blanchard for letting us use this photo.

As others see it

Dear Sir,

Mrs. Herlihey and I attended the senior assembly's Remembrance Day Memorial Service at the Haliburton Highlands Secondary School on Tues. Nov. 9. We found the programme to be impressive and so well conducted by the students, the Royal Canadian Legion members, the High School Band, and the High School Glee Club, that we wish to offer them our congratulations.

It is a long time since any meaningful Remembrance Day programme has been held in our High School. It is encouraging to see that those young men from our County and Canada - so many of them the age of our senior students of today - who lost their lives in the defense of our freedom and our way of life, have not been forgotten.

The service held in their memory was written by Miss Nona-Lyn Philp, the head of the English Department in the High School. It was beautifully done. Mr. Gliddon is to be congratulated on the music he composed for the Glee Club's rendition of "In Flanders Fields". Also we wish to compliment the High School Band which had a major part in the programme. Under Miss McKen's leadership, the band has matured greatly in its short history.

Yours truly,
Bob Herlihey

Dear Sir,

I was very pleased with the excellent coverage you gave the Scholarship Fund's Honours and Awards Night.

Bob Herlihey

Dear Sir,

Who likes to suffer injustice?

Are we not indignant if angered when someone does injustice to us? Indeed, injustice seems to strike at the very foundation of any co-operative relationship, whether this is between man and wife, business partners, labour and management, the governed and those governing, or between nations. If the one party is continually doing injustice to the other party, a co-operative relationship will break down and often end in violence.

Our Western industrialized society, and the benefits that we derive from it, will not be possible when the general population no longer believes in or understands the importance of being just to the persons that we deal with. Not only will marriages break down and many children become mentally disturbed misfits, but industrial enterprises cannot function when no one feels an obligation to perform the duties for which he is being paid. Communal and government systems will no longer function to give us the necessary services of water, roads, electricity, etc. when officials steal the money entrusted to them by the public. This is the reason that millions of people live in misery and some starve to death in India, Africa and South America, and many other places. Their private

and public systems cannot function because of theft and corruption. A sense of justice is missing.

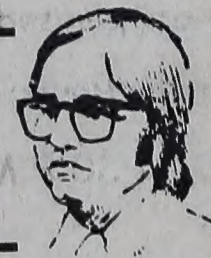

Then we should expect that the leaders of our society were anxious to inculcate a sense of justice in the next generation. It may be true that the Christian Church has performed that function in the past, but the Church is rapidly losing its influence as a moral teacher of the young. Our secular governments have not shown much interest in teaching morals. As a matter of fact, it is interesting to note that the laws enforced in a democracy, like Canada, do not have to pass any test to make sure that they will not do injustice to some part of the population. All they need is the support of a majority of the population. All they need is the support of a majority of the politicians in power. We will be in serious difficulties the day that majority is crooked. Our judges commit themselves to judge by the law and are not obligated to do justice at all. Our public system of education does not seem to be aware of the need for teaching justice, either. They just repair their vandalized schools and call for more police.

If there are persons still who like justice, and who think that justice should be taught to the next generation, please drop me a line.

Ivan Jensen.

Editor's notebook

BY JIM BADGLEY

If the Reeveship of Dysart et al is contested, the voters will have to sit down for a long time and feel out the merits of the present administration against the possibility of change.

Dysart is in a transitional period it seems, and the changes so far have been running as smoothly as possible. One only has to sit in at a council meeting for a few minutes to see what type of government we have now. Reeve Murray Fearrey and his council have been working hard to make improvements to the municipality, a job which although never ending, also needs a steady hand, someone who can see the end of the many projects, someone who is willing to do right, no matter how the general public feels.

Since coming to the area, I have had many conversations with Murray Fearrey. I have listened to him speak at a number of gatherings and most of all with my background as a municipal reporter, I have watched him in council.

Through conversations with our present Reeve I have learned that he can see a future for Dysart et al. I have learned that he is willing to work day and night to see this future come true and most of all I have learned that he believes in what he is doing.

When speaking in public, Reeve Fearrey always puts his best foot forward, picks his

words carefully and says the right things and the important things.

The most important part of being reeve, or the head of any government is one's capabilities to act as chairman, to help and at times force the council to make decisions.

Murray Fearrey sits at the head of Dysart Council with complete control. His council, and that is the only way to describe the Dysart Council as "His" operates smoothly, decisions are made to the best of that bodies ability.

Because of typesetting and other little things that happen in a newspaper office, this column is written the end of the week previous to appear in the paper and at that time, Reeve Fearrey was still uncontested.

I feel that there should be an election, for the sake of the municipality and Reeve Fearrey, who should be operating with a clear mandate from the people.

A person I can call a friend has been mayor of the same town for many years, a number of times he got to the chair by acclamation. He once told me he would rather get in by acclamation than fighting a tough election campaign.

No doubt, Murray Fearrey is different, I would believe, after talking to him on a number of occasions that he would welcome a race for the head post for the municipality. A good politician always is at his peak in a tough battle and I think Murray is a good politician.

After seeing the job that Murray Fearrey is doing for Dysart et al, I have faith in the voters that if they by chance did choose another head of government that person would be a hard worker, honest to the point of doing what he or she knows is right regardless of public opinion and have the true interests of Dysart at heart. If such a person can come along, I say all the more power to him, because he will have to defeat Reeve Fearrey who possesses these qualities.

To be reeve, one has to dedicate a great deal of time, give up part of his home life and essentially do two jobs at one time, one to make the money to support his family and the other to do the best for the municipality. So far Murray Fearrey has been able to handle this position very well.

The Ontario Provincial Police won't put a detachment in Haliburton Village if they have it their way. Hopefully they won't have it their way. As part of a provincially funded organization I would think that they should be only too happy to talk to a municipality about police protection. After all it is the taxpayers that pay their salaries.

The taxpayers in Dysart et al at least deserve an audience with the OPP concerning police protection in the municipality.

From the Chamber

by Bob Stinson

We took a short holiday for a few days last week and travelled through Northern Ontario to Wawa. There is some spectacular scenery up there but it sure is good to be back in the Highlands. After viewing the water of Lake Superior with its 5 to 6 foot waves hammering the stone cliffs, and driving amidst convoys of huge Deisel trucks the relative quiet of Haliburton was a welcome relief. The Chamber has coined the phrase "Cul de Sac" to describe our geographic location. This problem can also be a very definite asset when promoting our area as one of the most peaceful for visitors. At least they will not be sandwiched amidst convoys of trucks, and are relatively safe on our small quiet lakes. On the other hand it is difficult not to be envious of the tourist operators up there, with no vacancy signs in front of enormous motels at this time of year. Somehow we must develop our area to have the best of both worlds.

Our attention has been drawn to an advertisement in our local paper for surplus and discount merchandise on consignment. One of our members found the advertising rather misleading when he investigated it further. Surplus Clearinghouse of Canada apparently require at least an \$800.00 investment by the retailer before any merchandise is shipped and they will ship only what they wish you to sell. The Better Business Bureau reports they have a number of complaints regarding the amount of time it takes to receive shipments and refunds of deposits. It would appear they are operating within the law -- but just barely. Extreme caution should be used by anyone contemplating dealing with this company (or any one of the ten other names they operate under).

All members of the Chamber should by now have received their second copy of the "Get-away Country News". We hope you enjoy this additional bonus of being a Chamber member, and can benefit by some of the ideas in it. If by any chance you are not receiving your copy, let us know about it and we will see that the mailing list is corrected.

The Coboconk Flour & Feed Mill is re-opening under new management. John Burgess, who worked at the mill prior to it's closing has purchased the business and is in the process of opening up again. John will continue to live at highway 121 and the Kashagawigamog road and will offer local people pick-up service at that point. John Curry, the former owner has purchased the general store at Haliburton Lake and we wish him success up there.

West Guilford folks have been going hungry for some time but things are changing now. Doug Collins has purchased and re-opened the Highland Junction restaurant and Jack Mawbey is busy preparing to re-open the West Guilford restaurant. Jack hopes to be serving the community by the end of this month. Best wishes for success to all these ambitious people.

This winter promises to be a prosperous one for tourism in this area. Not only do we have our new Cross Country Ski Club and the Kashagawigamog Assoc. working on trails to promote visits for skiing enthusiasts but the Snowmobile Association is embarking on their most ambitious year ever. Having obtained funding from Wintario, L.I.P. and hopefully the ministry they are planning on running two Bombi groomers throughout the county. This should provide us the best Snowmobile trails in Ontario. We strongly urge all business people to support the association -- buy a business membership -- it can only help improve business for all of us.

We are pleased to announce that a "Haliburton is for Lovers" charm is now on order and will be available shortly. Through the efforts of Brad Robinson of Robinson's Store at Dorset, this new charm will be available wherever Rembrandt Charms are sold. What a dandy item for Christmas gifts!

COMING EVENTS

November 22 - Haliburton Cross Country Ski Club Public Meeting - Haliburton High School - 7:30 p.m. - no charge.
November 20 - Rummage Sale at St. Paul's Anglican Church - 1 p.m. to 4 p.m.

Haliburton Legion News

At the annual dinner held November 11 six members of Branch 129 were honoured with the second highest award that Legion can bestow. The day began with service in the Legion Hall conducted by the Rev. Glen Rosch. At 10:30 the parade moved off to the cenetaph led by the Legion Pipe and Drum Band and under the direction of Parade Marshal Lloyd Baker. The Roll of Honour was read by President Mel Robertson and this was followed by the laying of the wreaths in memory of our fallen comrades. The Last Post was sounded by Mr. Don Wright followed by the two minutes silence. The Lament was played by Pipe Major Earl Cooper and this was followed by Reveille.

On our return to the Legion Hall lunch was served by members of the Ladies Auxiliary, this was most welcome as the day was chilly and the hot tea and coffee really hit the spot. In the evening the Legionnaires and their friends gathered for a Social Hour before the dinner. At 7 p.m. close to 150 people sat down to a delicious roast beef dinner prepared by the Associate members under the expert guidance of Irene Higgins.

Among the head table guests were Reeve Murray Fearrey, Mr. Norm Healey, our new padre, and Mrs. Phyllis Montemiglio, Zone F4 Commander. LA. Murray brought us greetings from the municipality and commended the comrades on the quality and extent of the work that the Legion does in the community. Comrade Norm spoke briefly to us, taking us back in memory to those days of war and our youth, touching on the tragedy and the humour of those poignant years.

Comrade Phyllis spoke about our obligations to Legion and the vast amount of work to be done within the organization. She reminded us of the sacrifices made by the young men of two generations. "They gave up their to-morrows that we may have our to-days."

The guests were thanked by the President and then he turned the mike over to Comrade Don Johnston, Honours and Wards Chairman. He presented the 25 year pin to Comrade Phil Graham and Ken Billings. The following received the 30 year pin, Doug Armstrong, Bernard Sisson,

Holly Sisson, Mel James, Lloyd Baker, Wilf Crarey, Frank Barnum.

The highlight of the evening was the presenting of Life Memberships to six members of Branch 129. This is the second highest award that can be given, it is preceded only by the LMSM, an award almost impossible to earn at branch level. Henry Nuesan, a WW1 veteran received the award, as it has been the policy of this branch for some years to give Life Memberships to all WW1 veterans who have belonged to Legion for 10 years. Mel Carroll, Henry Cowan, Edward Iles, Earl Shipley and Harold Douglas were the other recipients, and Don read out each comrades' record of service given and work performed on behalf of the Royal Canadian Legion. It gave one some idea of the scope of the organization and the devotion with which some of its members serve it. Peter Douglas, who is Associate Member, received his father's Life Membership on behalf of the Douglas family. Harold left us so suddenly that he did not know that he was to be so honoured, the Executive committee had wished to make this a surprise, which proved to be too late. Comrade Harold's passing is already being felt in the Branch. He did so much in his office of Bureau Service Officer that no one else knew about, that it is only now we are beginning to realize what a task it is and we already have a backlog of requests and inquiries for assistance. Harold filled many other posts over the years and quite often several at one time. We will miss him but never forget him.

After the presentations the tables were cleared and the Highland Scottish Dancers, together with the Pipe and Drum Band performed several of their dances for the enjoyment of the guests. The music for the dance was provided by Ray Jenkins and Al Blanchard and a most enjoyable evening was under way. The Poppy Campaign was again under the direction of Comrade Ed Fajar, if you have not yet made your contribution to the Fund and wish to do so please send your cheque to the POPPY FUND Branch 129. Some of the canvassers have not yet completed their calls but hope to do so before the end of the week.

Vern Graham was one of the many award winners at the Remembrance Day banquet held at the Legion Thursday night. Presenting Vern with his award is Don Johnston. Serving at the banquet were the associate members of the Legion.

Guilty plea to drinking charge

Lloyd D. McKnight of Minden was called before the court in Minden on November 9 to answer counts of impaired driving, driving while disqualified and failure to note a change in address.

McKnight pleaded guilty to the charge of impaired driving. Since it was a second offence, there was an

automatic jail term provided by the criminal code of not less than 14 days. Judge Inrig ruled that Mr. McKnight could serve a 17 day sentence intermittently over a period of four weekends, and called for a probation of 30 days during which Mr. McKnight is to drink no alcohol, so that no odor of alcohol will be on his breath when he appears in Lindsay.

Evidence was brought forward to prove that Mr. McKnight had received no notice of the suspension of his driver's licence, since he had left his earlier residence at that time and the notice was not forwarded to him. The charges connected with this were dismissed.

Complete trial in December

Guilty of impaired driving

Clifford A. Reil of Gooderham was before the provincial court in Minden on November 9 to answer two charges, mischief and possession of a weapon dangerous to the public peace. He pleaded guilty to the second charge. Trial on the charge of mischief began Tuesday but is to be completed on December 21. Both charges were related to an incident in Gooderham in which several stores were damaged. Two civilian witnesses, storeowners, have testified, and four OPP officers will take the stand when the case resumes in December.

By Jim Badgley

Hockey in Haliburton has been impressive since the start of the season. By impressive I mean that is has been interesting, entertaining plus some excellent hockey is being played.

One thing lacking in the hockey circle though has been a sparseness in the numbers of people coming out to the arena.

I will never understand how people, especially Canadians, can stay away from the rink during the winter. No doubt one can see a great deal of hockey on television these days but that is not exactly the most entertaining to watch all of the time.

We can turn on the tube and watch a highly powered Montreal Canadian club outskate a poorly staffed Chicago Black Hawks and humiliate them 11-3 or a few people in Haliburton last Saturday went to the arena and watched a close 5-2 game even though our Midgets ended up on the short end of the stick.

You can bet that those who attended the Midgets game had a much more enjoyable evening than those who stayed at home by the fire watching perhaps the best hockey team in the world run through a mediocre club.

One got to watch a lot of pretty passing plays last Saturday night when Montreal opened fire on Chicago. At least pretty passing plays in the sense that Chicago sat back and watched, at times seemingly awestruck by the highly tuned Habs.

Meanwhile back at the local rink the fans got to see a few good plays, perhaps not as fine as Montreal's but at least attempts were made. The fans also got to see the two teams hustle to the final buzzer with the game still in doubt until the final couple of minutes.

To top it off the local fans got to see some hometown products trying their skills at the worlds fastest game, names we know, people we see on the street everyday and the kids next door.

On the television game we got to see a fellow by the name of Steve Shutt, with a high powered slap shot devastating the Black Hawks goalies. No doubt that is exciting but it is also exciting to see a youngster you have been watching grow up to make a nice play and score a goal. Remember that isn't half as predictable as Steve Shutt and his shot.

Huskies' coach Craig Stamp and manager Don Lloyd are pleased with how the team is developing. After losing to Wellington a week ago Craig told me he can see the club getting stronger as the season goes on as they learn a few of the minor points of the game. Don said that the Huskies put up a good game in Wellington against a club that is supposed to be the strong point of the league.

The Huskies are getting good performance out of a couple of 15-year-olds, Ed Roberts and Bernie Nicholls. The two are seeing duty with the midgets as well this season.

The next game for the Huskies will be this Friday night when they meet Lakefield right here in the village. The game is slated to start at 8:30 p.m.

The team will travel to Bewdley next Wednesday night in a game which will start at 8:30 p.m.

Midget coach Bill Davis found himself sitting out a game last week when his club took just too many penalties. The OMHA only allows a club 36 minutes in the sit-bin before the coach finds himself in the seats for the next night.

The Haliburton Huskies got within one goal of Bobcaygeon when Tim Oram scored late in the game. Bobcaygeon went on to get another tally though and down the Huskies 7-5 in the game played Sunday

afternoon in Haliburton. The Huskies next game will be Friday night when Lakefield comes to town for a game scheduled for 8:30 p.m.

Bad second period costs Huskies game

Two major penalties in a row in the second period were enough to help the Bobcaygeon Ti-Cats to a 7-5 win over Haliburton Huskies Sunday afternoon at the Dysart Arena.

Haliburton took a 2-1 lead out of the first period, were outscored 4-1 in the second and both teams netted two goals each in the third period.

Tim Oram, the outstanding player of the game for the Huskies opened the scoring at the 9:42 mark of the first period when he caught the bottom left hand corner with a slap shot from the blueline. Dave Hartwick and Larry Stinson picked up assists.

Bobcaygeon defenseman Steve Austin got his first of two goals just one minute later when he connected on a pass from Kevin Van Alstyne.

Oram kept up his good work and it finally paid off in a goal to put the Huskies in the lead at the 13:43 mark of the first period when he set up Joe Roberts with a perfect pass. Roberts pulled the goalie out with a good shift and tucked the puck into the net.

The Huskies made good on a two man advantage at the 2:56 mark of the second period when Stinson deflected a weak shot from the point. Bernie Nicholls picked up the assist on the play.

From there on in the second period it was all Bobcaygeon. With both Oram and Mike Scheffee off serving major penalties Bobcaygeon's Glen Oliver connected from Austin and Danny Byrne after Randy Ellison in net for the Huskies made two good stops on the play. The goal was scored at 9:18.

Oram was sent off for his major at the 5:37 mark for elbowing and Scheffee was tagged for cross checking at the 9:07 mark.

A delayed penalty being called just 30 seconds later gave Bobcaygeon a three man advantage for a few seconds and it was enough to even the count when Oliver connected for his second goal from Austin and Harold Fitzpatrick. He deflected a quick shot from Austin at the point.

A weak shot from the faceoff at the 4:07 mark of the second period seemed to take a funny bounce and beat Ellison going through his pad. Eric Lash was credited with the marker.

With just over a minute remaining in the second period Byrne scored on a shot from the right hand side along the ice to run the count to 5-3. Austin and Oliver picked up assists.

Ellison kept the score from going any higher when he made a stop on a Bobcaygeon player with just two seconds to go in the second period.

With over 15 minutes gone in the third period Austin connected on a slap-shot from the blueline to score the eventual winner for Bobcaygeon. Oliver picked up an assist on the play.

The Huskies got back into the game a minute later when Oram scored on a hard blast from the point. Stinson and Hartwick picked up assists on the play.

Stinson put the hometown crew within one goal at the 18:39 mark of the third period when he scored a shot from the blueline. Oram and Hartwick were credited with assists.

With just 48 seconds to go and Joe Roberts serving a Huskie penalty, Fitzpatrick put the game on ice when Miles Maughan, who

played goal for the Huskies in the first and third periods hesitated on a loose puck. Austin and Oliver picked up assists on the play.

A total of 34 penalties were called in the game

evenly split by the two teams but the Huskies ended up with two majors and two misconducts.

The Huskies play Friday night in Haliburton against Lakefield.

Tri-county league

This past week saw action begin for the local Tri County Teams. On Thursday Nov. 11, Haliburton Midgets hosted the Ops Midgets and lost in a close game 2-0. On Saturday Nov. 13 three teams from Cannington travelled to Haliburton. In the atom game Haliburton won by the score of 1-0 on a goal by Tran LaRue. In the Pee Wee game Haliburton lost 1-0. As the score would indicate this was a very close game and though the score does not reflect it, Haliburton had the greater edge of play in the game. The Bantams went down to defeat by the score of 5-1. Brian Lloyd was the scorer of Haliburton's lone goal. Coach Paul Espie had to use an inexperienced goaltender in this game and assured us that the next game would have better results.

It was a real pleasure to see the Haliburton teams dressed in their new white and blue uniforms which Haliburton Minor Hockey purchased during the summer. Also a special thanks goes to all the fans who came out to support their teams. This is very encouraging to the boys playing hockey.

This week in Tri County action our Midgets travel to Ops on Wednesday for a 9:00 game. Our Atom team hosts the atom team from Fenelon Falls at 2:00 p.m. on Sat. Nov. 20. Then on Nov. 23 they travel to Minden for a 6:00 p.m. game against Minden. The Pee Wee team travels to Cannington, on Sat. Nov. 20 to play against Sunderland at a 5:30 p.m. game time. Then on Nov. 22 the Pee Wees travel to Beaverton for a 7:00 game. The Bantams will host the Omamee Bantams in Haliburton at 4:30 p.m. on Sat. Nov. 20. On Nov. 24 the Bantams will host the Minden Bantams at Haliburton at 7:00 p.m.

It is hoped that by the end of this week schedules will be in the hands of coaches, players and parents and posted in the arena bulletin board.

Haliburton Minor Hockey is sponsoring a girl's team. In order to do this we require more girls who are interested in playing hockey. For further information please contact Mrs. Betty Whiteway (457-2005) or Mrs. Sandra Anderson (457-1562).

In an on going effort to finance Minor Hockey the ladies auxiliary is organizing a bingo for Thursday Dec. 2 at 8:00 p.m. at the Orange Hall in Haliburton. Prizes are being donated by a great variety of local merchants and businessmen and this is greatly appreciated by Minor Hockey. Any person wishing to help in this fund raising program please call Mrs. Evelyn Dod (457-2187).

TOWNSHIP OF SNOWDON Meet the Candidates Night

The Township of Snowdon will be holding a "Meet the Candidates Night" on Monday, November 22nd, 1976 at 8:00 p.m. in the Gelert Community Centre.

The purpose of this meeting is to provide an opportunity for electors to meet and hear the Candidates nominated for Offices to be filled at the forthcoming Municipal Elections.

Geoffrey Wynne,
Clerk and Returning Officer.

A person who has been appointed a voting proxy may apply to the Clerk not later than 5:00 p.m., Tuesday, November 30th, 1976 to receive a certificate to vote by proxy.

Dated at Gelert this 15th day of November, 1976.

Geoffrey Wynne,
Clerk and Returning Officer.

Along the Trail

BY ROY BATES

Submissions to the Ontario Select Committee on Snowmobiles and All-Terrain Vehicles in 1973-74, by the Ontario Federation of Snowmobile Clubs and other responsible clubs and organizations, called for a special licence for snowmobilers over age twelve. Many of the briefs pointed out that training of the young would lead to a better understanding of the dangers in snowmobiling and thereby to a reduction in the accident toll. A resolution to follow up on the matter was approved at the OFSC Convention in 1975 when representatives of the Safety League and the Ontario Government publicly pledged support.

A driver certification course has been developed by Mr. Evan MacDiarmid of the Ontario Safety League, in close consultation with the OFSC and the Ministry of Transportation & Communication. The OFSC Driver-Training Committee meanwhile prepared for administration of the course through a battery of trained instructors chosen from snowmobile clubs throughout the Province.

Development of the course is now complete. All instructors manuals, students manuals, and other training materials are approved by the Ministry. The OFSC is currently involved with the training of club instructors. These, when certified by the MTC, will shortly be opening schools for snowmobiling students. It is expected that the first classes will be available in the Haliburton - Minden area before the end of the year.

Who Should Take the Course
The snow vehicle operators safety training course is designed to be beneficial to anyone who takes it. It is a compact course, having been pared down to a six hour training session, yet it adequately covers the mechanical operation, survival techniques and legislation. The prime purpose of the course is to prepare the young snowmobiler for licensing in a manner which will guide him toward responsible snowmobile operation in practice.

In the past the only legal requirement before operating a snowmobile was a valid drivers licence. This still applies to those who have it. But, as many of us have learned, an ability to drive a car does not necessarily make a good snowmobiler, particularly in these days of automatic transmissions, power brakes and power steering. A snowmobile is an entirely different vehicle, requiring full co-ordination of mind and body with a broad understanding of the outdoors and an ability to recognize and catalogue innumerable potential hazards. Transversely, an experienced snowmobiler will become a better car driver.

Anyone who takes the course should obtain benefit from it. The snowmobile operators licence is obtainable only through taking the course. Because no person may hold at one time more than one drivers licence, the snowmobile operators licence is available only to those operators who do not drive a car. This will include all snowmobilers which is to say it remains valid until it is superseded by an automobile drivers licence.

How to Enroll
Schools of instruction are handled within your local snowmobile club. Generally speaking, for the Haliburton County area this is the Haliburton County Snowmobile Association. In due time it is expected that schools will also be established by the Dorset Snowmobile Club, the Kennis Lake Snowmobile Association, and the Paudash Trail Blazers.

For an application form contact your club secretary. For a course with the Haliburton County Snowmobile Association write to Box 151, Haliburton, Ontario K0M 1S0. Mark your envelope "Driver-Training." Return the completed form which will be mailed to you, along with the enrollment fee of \$6.25, to the same address. You will be assigned to the instructor holding the school nearest you, and you will be notified of the time and place. Most schools will be held on a Saturday, however, some instructors may choose to hold two or three evening sessions instead. That is the option of the instructor who is, as we realize, devoting much of his spare time to the program. Make cheques or money orders payable to the Haliburton County Snowmobile Association. Your students kit (manuals, training materials, examination papers) will be purchased through the OFSC by the club. Obtaining your Licence

When you have completed the course and passed the examination, you will be given a certificate of proficiency by your instructor. You must have this validated by taking it to a Licence Issuing Office of the MTC where, upon payment of a \$2.00 fee, it will be stamped as a valid snowmobile operators licence.

There is as yet some uncertainty as to when the Issuing Offices will be prepared for certificate validation. The OFSC is striving for a definite date from the MTC, and an early one. It has been stated that the OPP will accept the proficiency certificate as a licence until the validation date is established, but we have had no confirmation from the OPP to this effect.

Watch this space for further information.

Midgets, Sunderland tie 2-2

An exchange of single goals in both the first and second period was the only attack Haliburton Midgets and Sunderland Midgets could muster Saturday night at the Haliburton Arena.

Sunderland was first on the scoreboard in the 2-2 tie when Rick Flindall netted a pass from Paul Graham and Tracy Goodwin at the 9:45 mark of the first period.

Bernie Nichols knotted the count at the 15:41 mark when he connected on a pass from Mike Scheffee.

Sunderland opened the second period with a burst when Brian Snoddon scored from Gerry Hubersx at 2:21.

The final goal of the game came at 7:23 of the second period. Mike Iles from Nichols and Dwight Sisson.

The goalies, Chris Roberts for Haliburton and Charles Hetherington for Sunderland were able to shut-out the opposition in the third period.

Haliburton took 14 penalties including a game misconduct and a 10 minute misconduct to Andy Salvatore in the third period and Sunderland took seven penalties.

Nº 772 PROVINCE OF ONTARIO

Settler's Permit to Hunt Deer

This Permit empowers the bearer, Mr. F. Parish
on 6
Resident of Lot No. 25 in the Township of Dysart
County of Haliburton to kill TWO DEER during the
Open Season for Deer of 1904 for the use of himself and family, and not for
sale or barter. Said hunting or killing to be done within fifteen miles of the
aforesaid Lot No. 25 Township of Dysart
in the County (or District) of Haliburton

Signature of Person to whom Permit is issued.

This is what a Province of Ontario deer hunting permit looked like back in 1904. This one permitted a Mr. F. Parish to kill two deer during the open season during 1904 "for the use of himself

and family, and not for sale or barter." The hunting was to be done within 15 miles of Mr. Parish's lot.

Play underway at Haliburton Curling rink

After a few delays in getting ice in at the Haliburton Curling rink, the first games were played last Saturday when Dist. 4 Ontario Curling Assoc. All Star Tournament games were played.

Teams from Lindsay, Peterborough, Fenelon, Bancroft and Lakefield were hosted. Our local entry of Bob Colliver, Dick McClean, Gary and Clark Bailey have done well - 3 wins and 3 losses by only 1 point each time. Some excellent curling was shown for so early in the season - close, exciting matches in every instance.

This week is open for instruction and practice with regular schedules starting with Mens League Monday Nov. 22 at 8 p.m. - Ladies League Tuesday - Mens on Wednesday and mixed curling Thursday at 7 and 9 p.m.

Our first Bonspiel is a one-day Mens on Nov. 27.

Any beginners or others desiring instruction or coaching are cordially invited any night this week at 8 p.m. when some of the more experienced curlers will be available to help, advise and instruct. Saturday evening, Nov. 22 will be our own

inter-club EARLY BIRD Spinel - starting at 7 p.m. - and everybody is invited to come out and curl two six end games - for fun and enjoyment before we get into the serious business of regular schedules next week.

The Club is looking forward to another good year. During the past few years local rinks have played in many out-of-town Spels with great success, and the home leagues have produced really keen competition. We have room for a few more curlers - come out and join us in a great sport.

A mighty good feelin' comes with the first look at the Arctic Cats for '77. From the aristocrat Pantera to the new dollar-stretchin' Lynx, with El Tigre, Panther, Cheetah and Jag. They're all back with the proven Spirit engines that have already reduced consumer warranty claims (dollar volume) by better than a third. The same engines that not only revolutionized the Cat, but the entire sport of snowmobiling... less wear, less noise and better performance at lower RPM's.

This year, more than ever, it's time you got that mighty good feelin' that comes with a Cat.

A good selection to choose from

This and that

By Jennifer Woods

From the time we are small children, we all know about chocolate and most of us love it. It is certainly the favorite flavor in our house. A friend of mine copied out, very carefully, two of her most cherished recipes so I could share them with you. The first is Chocolate Cheese Pie which is a marvelous light pie. The second is Perfect Chocolate Cake, and is aptly described. My friend makes this cake only once a year for her husband's birthday and it is truly a gesture of love.

Chocolate Cheese Pie

1 1/2 c. graham cracker crumbs
1/4 c. sugar
1/2 c. liquid margarine
8 oz. cream cheese softened
8 oz. plain yogurt
1 c. milk
4 1/4 pkg. chocolate instant pudding mix or
4 1/2 oz. pkg. chocolate pudding and pie filling (instant)
In a small bowl combine grahams, sugar and liquid margarine thoroughly. Press mixture firmly and evenly against bottom and sides and rim of 9" pie plate, with bowl of small spoon (teaspoon is excellent). In a large bowl, beat cream cheese and yogurt together until smooth. Beat in milk gradually. Add instant pudding and beat until well blended. Put into the crust, chill until firm. Garnish with whipped cream and sliced almonds if desired.

Perfect Chocolate Cake

1 cup unsifted unsweetened cocoa
2 cups boiling water
2 1/2 sifted all purpose flour
2 tsp. baking soda
1/2 tsp. salt
1/2 tsp. baking powder
1 cup butter or margarine softened
2 1/4 c. granulated sugar
4 eggs
1 1/2 tsp. vanilla

Frosting

1 pkg. (6 oz.) semi sweet choc.
1/2 c. light cream
1 c. butter
2 1/2 c. unsifted icing sugar

Filling

1 cup heavy cream
1 tsp. vanilla

In medium bowl, combine cocoa with water mixing with a wire whisk until smooth. Cool completely. Sift flour with soda, salt and baking powder. Preheat oven to 350°. Grease well and lightly flour 3, 9 x 9" layer cake tins. In a large bowl beat butter, sugar, eggs, vanilla until light (about 5 minutes). At low speed, beat in flour mixture (in fourths) alternately with cocoa (in thirds). Beginning and ending with flour mixture. Do not overbeat. Divide evenly into pans. Bake 25 to 30 minutes or until surface springs back. Cool in pans for 10 minutes and then turn onto racks.

Frosting: In a saucepan combine chocolate pieces, cream and butter and stir over medium heat until smooth. Remove from heat. With a whisk blend in 2 1/2 c. icing sugar. In bowl set over ice, heat until it holds its shape.
Filling: Whip cream with sugar and vanilla and refrigerate. To assemble cake: On a plate, place a layer, top side down. Spread with half of cream. Place second layer, top side down. Spread with rest of cream. Place 3rd layer top side up. With spatula frost sides first, covering whipped cream; use rest of frosting on top, swirling decoratively. Refrigerate at least 1 hour before serving but let it come to room temperature before eating.

You can imagine how wonderful this cake is and it is really worth all the effort. "Good eating" to you and your family.

Guild sponsoring exhibition

Once again, the Haliburton Highlands Guild of Fine Arts is sponsoring a Christmas Exhibition and sale of arts and crafts.

Local artists, potters and weavers, as well as other craftspeople, are busy preparing for this popular sale

and exhibition.

Its an excellent opportunity to do your Christmas shopping, and get in the

mood for the festive season. We hope you will exhibit your work and visit the attractive display of hand-

crafted items.

There will also be items from the workshop of A.R.C. industries.

Lakeview Centre, Haliburton - Thursday, November 25th 7 p.m. to 9 p.m. Friday, 26th, 10 a.m. to 9 p.m. Saturday, 27th, 10 a.m. to 6 p.m. Sunday, 28th, 1 p.m. to 4 p.m.

Obituary

Alice Teresa Levina Peacock

Alice Teresa Levina Peacock entered into rest suddenly at her home in Gelert on Sunday, October 10th, 1976.

She was in her 84th year. Born at Gelert on November 23rd, 1892, she was the only daughter of John Milburn and Betty Hoyle and had lived all her life in Snowdon Township.

On December 28th 1910 she was united in marriage to Edward Peacock of Irondale where they lived for nine years then moved to their present farm at Gelert. In 1975 they celebrated their 65th Wedding Anniversary. She is survived by her husband, four daughters and two sons, Bessie (Mrs. Russel Burk), Elizabeth (Mrs. Cecil Burk) of Lochlin, Margaret (Mrs. Harry Burk) of Ingoldsbay, Alice (Mrs. Gordon Hughes) of Willow Beach, Robert of Gelert and William of Brooklin. A son Richard is predeceased. She was predeceased by four brothers, Willie, Robert, Charles and Richard Milburn.

She is also survived by 26 grandchildren, 32 great grandchildren and one great great granddaughter. Mrs. Peacock rested at the Funeral Chapel of John Welch and Son Ltd., Minden for funeral service on the chapel on Tuesday, October

12th at 2:00 P.M. with interment in the Gelert Cemetery.

The Pallbearers were 'all grandsons of the deceased. Neil Burk, Ronald Burk, Joe

Peacock, Ted Peacock, James Burk and Dennis Hughes.

Bill Smiley

©The Argyle Syndicate Ltd.

There is one type among the species Man that puzzles and saddens me.

In that age that congratulates itself on its openness, its honesty, its "Let it all hang out" attitude, the hypocrite is still very much with us.

Some people might think the 19th century was the golden age of hypocrisy. Certainly, it set some high standards in this line.

There were the manufacturers who preached enlightenment and progress on the one hand, and on the other worked children 60 hours a week in their factories.

There were the men who braved of chastity as one of the prime virtues, and dallied with prostitutes. They were the men who spoke glowingly of a gentler way of life, and set savage fighting dogs on one another. The list is endless.

And the women! Oh, but weren't they the hypocrites, too? Just as tough and voracious as any woman of today, they hid these traits behind a facade of gentility, humility, helplessness and fainting fits.

It was an era in which the public mouthing of the Christian virtues was only exceeded by the private materialism, corruption, and sometimes downright viciousness of the middle and upper classes.

Well, then, have we got rid of this particularly obnoxious type, well into the

second half of the 20th century? Not bloody likely!

Perhaps we're not quite as hypocritical as the Victorians but I wouldn't want to bet on it. All that's changed is the terms of reference.

No manufacturer today could get away with hiring children. But don't think they're any less heartless than their forebears. At least, in the 19th century, you knew the boss was a bastard. Today, a company can "reorganize", and turn half a dozen middle-aged men into the street by an "executive decision."

Many men in today's society still practise a double standard, one for themselves one for their wives. A man who gets drunk has had "a few too many." A woman who gets drunk is "disgusting."

A man can go to a business convention and have a little fling with a call girl. If his wife kisses a couple of guys at the New Year's Eve party a bit too warmly, she's a sex maniac.

We have politicians who spout of peace and plan for war, doctors who preach against drugs and tell you cigarettes will kill you, even as they butt their 50th coffin nail of the day and pop a couple of bennies to keep going.

We have pillars of the church whom you wouldn't trust as far as you could bounce a bowling ball in a swamp.

We have all kinds of

characters who will cheat on their income tax, and then berate people on welfare for "ripping off the government."

We have teachers who "Can't understand the attitude of young people today" completely forgetting that they themselves were insolent, lazy, and not even that bright when they were young people.

We have mothers who got in the family way at 19, and had a shot-gun marriage, bewailing the "sexual licence" of their daughters.

We have fathers who deplore at length the slothfulness of their sons, conveniently ignoring that they had to have a good boot in the tail from their own father before they'd even carry out the ashes.

We have school trustees who will double over in an agony of glee after hearing a filthy joke, but in public sternly deplore the "pornography" children are being exposed to in their school literature.

They are the type who will respond with chuckles and even belly laughs to the sexual leers of Norman Lear in Maude and All in the Family, but thunder fulminatingly against a fine novel like The Diviners by Margaret Laurence.

They are the type who don't want anything racier than "The Bobbsey Twins" taught in school, but will shout with ribald laughter at smut on television and take in every restricted movie in town, laughing when there is blood shed on the screen, and nudging heavily when a couple of naked bodies start squirming on the celluloid strip.

What about today's women? Are they less hypocritical than their great-grandmothers? On the whole, I'd say yes. They're just as biased irritating as ever, but they're more honest. They still cry for no apparent reason, but they know there's no percentage in pulling a faint. They'd probably just get a glass of water in the face.

But even the women are a long way from being out of the woods, when it comes to hypocrisy. And many of the biggest hypocrites are "surface" feminists. They want all the perks of the new freedom, and all the treats of the old "essence of woman."

Oh, well, "Let him who is without sin cast the first stone." I'm certainly not talking about me and thee, gentle reader. But aren't you a little sick of them - all those hypocrites?

Minden News

Sincere sympathy goes to the family and friends of the late Russell Harrison who passed away over the weekend.

Winners at the Mini Card Party at the Parish Hall last Thursday afternoon were for cribbage Bill Bennett and Cora Hewitt, for euchre Vera Fuller, Phil Robinson and Mary Little, lone hands, for bridge Norman Taylor.

Coming up next is the A.C.W. Rummage Sale at the Parish Hall Nov. 20 starting at 1.

Mrs. J. Fairfield of the Hyland Crest enjoyed a grand afternoon with family and friends who visited her on the occasion of her 98th birthday. Special wishes go to her from the community.

All their friends send good wishes to Mrs. S. Brandon and Della Griffin who are presently in hospital.

We went to the Tea-Bazaar at Hyland Crest Auditorium last Wed. afternoon in its festive Christmas Setting. Here a large crowd purchased gifts, crafts and baked goods. A lovely oil painting was auctioned and we joined a group of Kinnmount ladies for a cup of coffee and plate of lunch. It was great to greet so many of the residents who were so glad to see you.

There will be another meeting regarding a new Museum Library for Minden at the Parish Hall, Dec. 1st with guest speaker being Pauline Hall from Heritage Administration, Museum Section. Time for this is 8.

HOUSE OF THE WEEK

PLAN N° 71050-B

AREA: 1050 sq. ft.

WIDTH: 42 ft.

The feature of this family home is the attractive cathedral entrance and a minimum cost per square foot for construction. Double panelled doors open to a split entry, with the down stairs to the unfinished basement and possible, future, recreation and bedrooms. The upstairs lead to the living room and wood burning fireplace.

The large European style Kitchen-Family-Eating room, keeps work to a minimum. From here there is a direct door to the porch and possible "optional" sundeck.

A full size bathroom is conveniently located for use as a guest powder room, as well as servicing the bedrooms.

The carport could easily be enclosed as a garage for the cold weather climates.

With an exterior finish of horizontal siding, either cedar or aluminum, and brick veneer featured at the front entrance, with the balance of the lower floor in stucco, creating an exceptional and interesting home.

Plans for design No. 71050-B may be obtained at the cost of \$45. for the first set and \$8 for each additional set, plus \$3 postage and handling. B.C. residents please include 7% sales tax. To view more than 300 quality homes of every type sent for the current edition of Select Home Designs Series No. 32, available for \$2. (\$1.75 plus 25 cents postage and handling).

To order these items please send cheque or money order payable to Home of the Week. Address your orders to Home of the Week, c/o The Echo, 382 West Broadway, Vancouver B.C. V5Y 1R2.

Municipal election scene

from page 1

and left the position open. Frank Gower, who has been acclaimed.

Luttrell Township will be holding to decide the position of Reeve in the coming election. The candidates are the incumbent Patricia Conaghan and the present Deputy Reeve, Lloyd Walker.

The office of Deputy Reeve that Mr. Walker leaves open will be contested by A.D. (Bert) Shingler, Ron Murdoch and present councillor Ingram Wessell.

The three positions on council will be contested by a number of candidates. Incumbents William Valentine and Mervin Brohm will run once again. Five others have stepped forward to take a place on the ballot. Ron Gambell, Major Glynn, Lewis, Ron Caney, Bill Roodenberg and Donald Gillespie all hope to win a seat on council from the electorate. Elsie E. Walker who had intended to run, has withdrawn her nomination papers.

School board representatives will also be decided at the polls. Norman Gilmore, the incumbent who has

served on the County Board since it began in 1969, with the exception of one two year term, and Paul Pilon of Moore's Falls will contest the position.

The three positions of Reeve, Deputy Reeve and School Trustee have been filled by acclamation in the township of Snowdon.

The incumbent Reeve, Robert Vick, will again serve the council and county for the 1977-78 term.

Donald Smedmore has stepped down from his position on council and will take up the office of Deputy Reeve in the coming year.

Ralph Young, incumbent School Board representative has also been acclaimed. Incumbent councillors, Dick Stewart and John Francis will be included on a list of candidates for council positions. The remaining nominees are Bruce Jennings, Terence Brown, Ron Burk and Grace Simmonds.

Glamorgan will be the scene of a contest for the position of Reeve between incumbent Robert Fotheringham and a present councillor, Brian E. Madill.

The Deputy Reeve, as acclaimed will be Larry Hunter, who at present serves as councillor. The present Deputy Reeve, Norman Locke, has stepped down.

Elgin MacDuff the remaining incumbent councillor, will meet Robert McCausland, Chesley Noseworthy and William Dobson in the polls to decide the three positions on council.

School Board representatives Vaneta Pickens has been acclaimed as Glamorgan's trustee for 1977-78

following on her first two year term.

Monmouth Township has acclaimed several positions for the next two year term of office, but all positions councillors' positions will be challenged.

Reeve by acclamation is the incumbent Gary Agnew. Keith Tallman, Deputy Reeve, has also been returned to that office by acclamation.

School Trustee, Ross H. Anderson, incumbent will serve the township on the County Board once again, as he has since 1969.

Six candidates for the three offices of councillor have stepped forward. Incumbents Howard Anderson, Margaret Finlay and Frederick Taylor will all ask to be returned. Mary Barker Carman E. Coombs, and Alan Revill will lengthen the ballot and also ask the support of the electorate.

Cardiff Township will hold elections for all positions on both on the council and for school board representative.

The incumbent Reeve Mac McGilvray will contest his position with Bill Davis, a present councillor.

Mack Peters, the incum-

bent Deputy Reeve and John Steapley will go to the polls to decide that office.

Five candidates for the three positions on council are the incumbent Ross Lawrence and Bill Hutton, Philip Redwood, Donald Wright, and Eric Gratrix.

The School Board Trustee for the coming year will be either Joan Ackerman, Victoria Agnew or Peggy Gratrix. The position has been left open by Goldie Watson, who has stepped down after working for the Board since 1969.

New homebuyers get protection

With plenty of protection for buyers of new homes and condominiums comes into effect Dec. 31, Sidney Handelman, minister of Consumer and Commercial Relations announced.

Mr. Handelman said the sections of the Ontario New Home Warranty Act requiring registration of all buildings have been proclaimed, and builders of homes and condominiums must be registered with the program before Dec. 31 if they expect to carry on business in this province.

The minister also designated the HUDAC New Home Warranty Program, a non-profit corporation, to administer the Act. This creates the first mandatory, industry wide, self-regulating program in Canada.

One ministry representative will sit on the corporation's board of directors. The other members will represent The Consumers Association of Canada, the building industry, municipalities, and associations of mortgage lenders, loan and insurance companies.

The self-financing program provides a warranty that home and condominiums started after the end of this year and free from defects for one year and from major structural faults for an additional four years.

Buyer's advance payments to the builder are protected and a compensation fund will pay damages if the warranty is breached.

The registration of builders do not meet standards for registration, or who do not on the warranty, will be revoked by the corporation. Complaints from home and condominium buyers will also be handled by the corporation.

Because the program is mandatory, the government will protect the rights of both builder and buyer by allowing either party to

appeal corporation decisions to the Commercial Registration Appeal Tribunal (CRAT). CRAT is a semi-judicial body which now hears appeals on administrative decisions taken by the ministry. The responsibilities of the tribunal will be expanded with this Act.

Falling through ice causes drownings

Last year, ten percent of the drowning accidents occurred when people fell through the ice on ponds, lakes and rivers. Your Red Cross warns you to be careful around ice.

Check the weather before you go out to skate. Any change in temperature can make ice unsafe. Avoid partially submerged objects in the ice. Avoid discoloured or cloudy ice. Never skate alone.

If you should fall through the ice, don't panic. Grab the edge of the ice and kick out your feet behind you. This keeps your body afloat and reduces your weight on the ice. If the ice breaks off, grab again. It will get thicker and you will get a handhold.

If a friend falls through, tell him to hold on and kick while you run for help. Use a long stick, or tree branch or ladder and push it ahead of you as you crawl toward your friend. When he has grasped the end, pull him out and to safety. Keep crawling until the ice is safe enough to bear the weight of both of you standing. And as soon as you reach safety, take off the wet clothes and get dry and warm. This is a tip from your Red Cross Water Safety Service.

Court looking for two men

A bench warrant is still in effect for Joseph McIntyre who was to appear in the provincial court on November 9 to set a trial date. The warrant was issued on October 27 when Mr. McIntyre failed to appear on that date. He is in custody in London and the warrant is to continue until he appears before the court to set a date.

A bench warrant was also issued for Ronald B. Packer who was to appear to answer charges of impaired driving, driving under suspension and driving while disqualified.

Humor in Court

by S. Armstrong Goff

Patty O'Brien was a well known court lawyer during the last century, practising in the Province of Alberta. Paddy made no pretense of being an expert in all the intricacies of the law but he had a quick tongue and his language was usually quite colourful.

On one occasion he was defending a man charged

Bell starts 5 year improvement

A five year program in excess of \$500 million, to upgrade rural Telephone

MINISTRY OF CONSUMER AND COMMERCIAL RELATIONS
THE LIQUOR LICENCE ACT, 1975
NOTICE OF SPECIAL MEETING

TAKE NOTICE THAT A Special Meeting of The Liquor Licence Board of Ontario will be held at THE ROYAL CANADIAN LEGION HALL, 217 MURRAY STREET, PETERBOROUGH, ONTARIO, on THURSDAY, DECEMBER 2nd, 1976, at the hour of 2:00 o'clock in the afternoon, at which time the Board will hear application for new licence in accordance with The Liquor Licence Act, 1975 and Regulations thereunder.

The following establishment has applied for a licence of the type indicated, and the application will be entertained at the aforementioned location and time:

Haliburton Curling Club
Dysart Et Al Township
Club Licence

AND FURTHER TAKE NOTICE that any person who is resident in the municipality and objects to any application may file the grounds of objection in person at the time and place of the meeting or in writing to:

Executive Director,
Liquor Licence Board of Ontario,
55 Lakeshore Boulevard East,
TORONTO, Ontario, M5E 1A4.

Service throughout Bell Canada's Territory of Ontario and Quebec was unveiled as part of the Company's rate increase application at Ottawa last week.

Highlights of the plan is a proposal to reduce all Multi-Party line to a maximum of four customers per line. At present up to 10 customers may be served on one rural line.

In addition, the plan provides for eventual individual and Two Party Line service everywhere in Rural territory.

Over the five years it will cost Bell half a Billion Dollars in the Non-Urban area to provide for new growth, modernize equipment and upgrade service to the maximum of four customers per line.

Overall the rural program will affect 436,000 subscribers, or nine per cent of Bell's Customers.

with rape. The girl in question had told the court that the attack had taken place while she was out in the field milking a cow. Paddy's question went something like this:

Q. Was the cow a good milker?
A. Yes, very good.
Q. How much milk would the cow give?
A. About a pailful.
Q. Did the cow give a pail full this time?
A. Yes.
Q. Did you spill any of the milk?
A. No.

Paddy then proceeded to address the jury as follows: "Gentlemen of the jury you see before you a girl who saved a pail of milk and lost her virtue!"

The late George Walsh was known for his pithy remarks. They usually came out like the report from a pop gun. An example of his style was demonstrated at a hearing in which I had retained him. He began as follows:

"My Lord I have here an affidavit by Miss (duly stringing out all her names as written) a very estimable and distinguished lady. I see that she swears to the law. My Lord I have enough trouble understanding it without swearing to it."

The following are not strictly in court, but I believe are in the same vein.

Eakins in touch with Minister

John Eakins, M.P.P. Victoria-Haliburton, said he has been in touch with Agriculture Minister William Newman, and has received from him a list of the members appointed to the Ontario Drainage Tribunal. They are:

Delbert A. O'Brien, Pembroke, chairman; E.C. Brisco, RR 3 Chatham; Basil Dawcy, Winchester; Robert Drummond, RR 1 Smiths Falls; Ralph Gagner, Chatham; John King, RR 1 Camilachie; Glen Larmer, Blackstock; Fred Lewis, Denfield.

Judge Joseph P. McMahon of Windsor was appointed earlier this year as referee under the Drainage Act.

The drainage tribunal was established this year to provide farmers a more accessible procedure for appeals under the Drainage Act against the technical content and assessments in engineers' reports prepared under the act.

A farmer wishing to make an appeal to the tribunal simply notifies the municipal clerk who in turn must notify the tribunal. The tribunal will then hold a hearing in the farmer's locality, at which he may present the case. Three members of the tribunal constitute a quorum.

Some tribunal decisions may be appealed to the referee. In addition, appeals against legal procedures are made directly to the referee and some of his decisions may be further appealed to the courts.

In announcing the appointments to the Ontario

Drainage Tribunal, Mr. Newman said that farmers in Ontario invest \$30 million annually in drainage. In view of the magnitude of the expenditure, he said, the accessibility of appeal procedures is important and the mobility of the tribunal is, therefore, a major advantage.

Mr. Eakins advises that anyone interested in participating under the Drainage Act should contact their municipal clerk.

Court is the only answer for man

If Paul Butt wants some kind of settlement for an accident he had on a Dysart road he will likely have to go to court to get it.

Mr. Butt was in an accident on Kennis Lake Road. In a letter to the council he said that the road had crumpled inward causing the accident.

Reeve Murray Fearney noted that the letter will be forwarded to the insurance company for the municipality and the man can see them if he has any claims.

According to council the man has also contacted Star Probe on the matter.

Manpower centre placed 488 people in month

During the month of October 1976, the Peterborough and Lindsay Canada Manpower Centres placed a total of 488 people in regular full-time employment including 5 who were sent jobs in other parts of the country. In addition, 110 people were placed in temporary or casual jobs, reports Public Relations Officer, John Mahoney.

The Unemployment Insurance Commission's Pub-

lic Liaison Officer, Morley Suggitt advised that there are 5,799 people receiving regular benefits - this figure includes sickness and maternity claimants as well. The Peterborough UIC District Office is responsible for service to the people in Victoria, Haliburton and Peterborough Counties as well as Campbellford are a in Northumberland county. According to Mr. Suggitt, 1,308 initial claims were received during October and

this figure includes sickness, maternity and retirement claimants. In the same period one year ago - October 1975 - there were 5,856 people receiving benefits and 1,369 initial claims established during the month.

Under the Canada Manpower Mobility Program, one person was assisted in a move to an area where there was a skill demand. Thirteen other people were authorized for exploratory assistance for job interviews in other areas.

There are 353 persons attending Sir Sandford Fleming College. Retraining Division under the sponsorship of the Canada Manpower Training Program.

For people who qualify for retraining - at least one year in the labour force and age 17 in Ontario - and have a current grade 10 level education, there are places available for an immediate start in the Machine Shop course.

A one hour information group session on the Canada Manpower Training Program is available every Thursday at 10:00 a.m. in the Peterborough Canada Manpower Centre, and at the same location for those wishing to improve their job seeking skills, a course is available every Thursday afternoon at 3:00 p.m. called Creative Job Search Techniques.

Newspaper policy on election stories

This newspaper, in all fairness to the candidates in the municipal election, has set a policy in regards to news on the election.

The newspaper will accept and use news releases from the candidates but stipulates that first of all the news value of the releases will be weighed by the editor. If we feel that the news release stands on its own merits as a news story it will be used. A second condition is that the stories are subject to editing by our staff and in all likelihood will not be run word for word.

This newspaper is not supporting any individual candidates in the election but does offer space for those looking for a soap-box if the issue warrants it.

Minden
police
investigate 49
occurrences

The Minden detachment of the Ontario Provincial Police investigated 49 general occurrences and nine motor vehicle collisions during the week of Nov. 8 to 14.

During the week two break-ins were investigated, one compassionate message delivered, two persons were charged under the Liquor Licence Act and three persons were charged with impaired driving.

An accident Sunday afternoon, on Highway 121 east of Minden resulted in \$1,000 damage to a vehicle driven by Teddie Wayne Pipe, 30 of Minden.

Pipe and a passenger in the vehicle Guy Noel, of RR 2 Haliburton both had minor complaints of pain.

The police report that the vehicle was southbound, rounding a curve when it met a pedestrian walking south of the centre line of the road. The OPP state that Pipe veered around the pedestrian, lost control and struck a rock cut. The police identified the pedestrian as Lorne James Cummings, of RR 1 Minden.

A single car crash late Saturday night resulted in a Weston, Ontario man being charged with impaired driving.

The OPP report that a car driven by Mykola, 53, went off the south shoulder of Highway 121, east of Haliburton and struck three guide rails.

There was \$2,000 damage to the car and \$75 damage to the guard rails.

Grant Lundy, 28, of Haliburton, received bruises when the vehicle he was driving slid off of Koshlong Lake Road, Nov. 13 and struck a hydro pole.

There was \$1,000 damage to the car and \$200 damage to the pole.

A single car crash Nov. 10 resulted in \$800 damage to a car driven by Kirk Harrison, 19 of RR 2 Haliburton.

The OPP report that the car went out of control on an icy spot on Highway 519 and struck a rock.

A two vehicle accident Nov. 9 on Highway 35 at Miners Bay resulted in \$1,000 damage to a car driven by Dale Boyd MacDonald, 40, of RR 2 Minden and \$150 damage to a tractor driven by Cleveland Stamp, 38, of Minden.

News from Extendicare

by Charles Plewman

THE COURAGE WE DESIRE AND PRIZE IS NOT THE COURAGE TO DIE DECENTLY, BUT TO LIVE MANFULLY.

THOMAS CARLYLE

Growing old gracefully is quite a trick. It's a big mistake at 65 to retire from all responsibility. Ture it may be a different kind of endeavour, if so all the better. A retired person needs something to occupy his mind as well as something that causes him to feel that the world still needs him. Quitting cold at 65 is just copping out and all at a time when you have had 65 years of experience. If during your earlier years you have stood tip-toe to life and have many interests, retirement can be an adventure.

On the other hand, if you have put all you eggs into one basket, retirement can be boring. I have been surprised by the number of married women who say that they are not looking forward to the day their hubby retires. They seem to feel that once you take away his vocation that he will be lost and continually under their feet. To some of these men the whole world of literature is a closed book, the whole realm of art of no appeal and interest in their fellow men restricted. Variety is the spruce of life and without it life can be a hum-drum affair.

Retirement should not mean the end of things but rather a new beginning, free from the earlier pressures.

The average age of man used to be 35 now it is 68 and soon it should be 75, so we all better learn how to enjoy life and make the most of our leisure time.

Remembrance Day was fittingly observed by two minutes of silence, recitation of "In Flander's Field" by Mrs. Reg. Burk and Charlie Plewman made suitable remarks. The Haliburton Legion Pipe Band paid us a visit and added a touch of Military. Charlie Rumbelow - the only WW1 Veteran from the Minden area enjoyed step dancing to the bagpipes.

James Billings has recently returned from a hunting trip around Gooderham with 6 or 7 men. They got two deer. They have been together 7 years.

Mrs. Ada Pacey has returned from the Toronto General Hospital after a stay of 2 or 3 days.

Lila Simmons has just returned from visiting her daughter at Sudbury.

Mary Hamilton, who is an employee at Extendicare, has just received her pin as a Graduate Nurse.

Nancy Robertson is spending a work week here in connection with her school work.

A 60 week course on Health and The Aged is being conducted in Minden and Haliburton by Sir Sandford

Fleming College.

On Wednesday afternoon, the "Happy Gang" met with representatives from the town to discuss how best Extendicare could serve the Over 60 Group and other seniors in the area.

Mrs. Lewis said that we would be happy to provide accommodation to groups of 4 for card parties, but suggested that they phone first at 457-1722.

The representatives of the Kinsmen Club said that they expected their Club members would cut down the unsightly dead trees that border on the Parkland property of Extendicare. This would be greatly appreciated.

We could use old Xmas decorations, particularly something to hand on the door or for working on in the Craft Room.

Our Craft Room could use some volunteers.

The Rev. Trevor Denny led our Devotional Period on Friday, taking as his theme "the Sacrifice of Jesus on the Cross and the Veterans who died in our two World Wars."

IT IS FAR BETTER TO BE A SQUARE THAN TO BE A LOPSIDED SMART ALECK.

Wedding

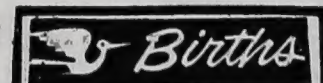

Announcements

WEDDING

ANNOUNCEMENT
Lynn Hughes and Wayne Cox would like to invite all friends and relatives to their wedding dance on November 20th at 9:00 p.m. in the Minden Community Centre.

Mr. & Mrs. Donald Sisson would like to invite all friends, relatives to a dance celebrating the marriage of their son Martin Sisson to Miss Vicki Small, daughter of Mr. & Mrs. David Small at the West Guilford Community Centre, November 27, 1976 at 9 p.m.

Len and Lillian Henry and Joyce Wood are happy to announce the forthcoming marriage of their children Connie and Rick on Sat. Nov. 20 at 5 p.m. in the Eagle Lake Community Church. Dance to be held at Sir Sam's Inn Chalet in Eagle Lake at 9 p.m. Friends and relatives welcome.

KENT Production Co. Inc., Minden, Ont., announces the 1976 Kent baby, **JAIME ADELE**, girl model number '1, a follow up to their 1975 boy model, Corbie. Larry Kent, designer & chief engineer, Maxine Kent (nee Welch) production manager. Model released Oct. 31, 1976, 3:15 p.m., 7 lbs. 15 1/2 oz., Haliburton Red Cross Hospital. Two lung power, free-squealing, scream line body, economical feed, water cooled, changeable seat covers, 19 1/2 inch wheel base. Made in Canada where better babies are built.

PETTIT, Craig and Bonnie-Lynn (nee Hunter) are proud to announce the safe arrival of their daughter, **Erin Shari-Lynn** (6 lb., 4 oz.), Thursday, September 23, 1976, 5:29 a.m., at Oshawa General Hospital. First grandchild for Mr. & Mrs. Chester Pettit of Ajax, Ont. and first granddaughter for Mrs. Mabel M. Hunter.

60 day sentence for theft

Richard K. Salai of MacTavish was given a 60 day sentence on Monday for a conviction on a charge of theft over \$200. He was charged in connection to an incident in Minden when he had been drinking and took a car for a joy-ride, Mr. Salai said. The 60 days will be served concurrently with a nine month sentence that Salai is serving for conviction in another jurisdiction.

The Conversion of Saul of Tarsus a Type

And last of all He was seen of me also, as one born out of due time." 1 Corinthians 15:8

In the great and wonderful teaching about the resurrection of the Lord Jesus Christ, Paul inserts a line

about his own privilege of being an eyewitness to that fact. In doing so he makes a very interesting statement. He says that Christ was seen of him "as one born out of due time." His was an untimely birth or out of season. The Lord of Glory had appeared unto him and laid His hand on him who

was the stubborn Christ rejecting Jew. He had no merit of his own so why should the Lord bother with such as he was. Paul in writing the great resurrection treatise, recognized that which prophet after prophet had set forth about God's future dealing with Israel.

Thank-You

I would like to take this opportunity to express my sincere thanks to my many friends for their thoughtfulness in tokens of gifts, cards etc. Also their offers of help to Ken and the children during my recent illness. Your kindness will always be remembered.

Buddie Stevens

We would like to thank the nurses and staff at Extended Care and also Red Cross Hospital and special thanks to Dr. Heyes and Dr. Hartwick for the wonderful care given to my mother. Jack and Blanche Long.

We want to thank all our friends and relatives for their kindness during our recent bereavement. A special thanks to Dr. Brady and nursing staff of the Minden Red Cross Hospital, also Dr. Mohindra and the nursing staff of St. Joseph's and Peterborough Civic Hospital for their professional care and personal kindness shown to our sister Wynne. Also to John Welch & Son Funeral Home, Mr. Lloyd Johnson and the ladies of the United Church for their kindness and words of sympathy. The Minto Family.

We wish to express our sincere thanks and appreciation to our friends and neighbours for the many acts of kindness, floral tributes, cards and donations during the loss of a loving wife, mother and grandmother. Special thanks to all the ladies who provided and served lunch, Gelert Gardens for the use of their restaurant and facilities, Mr. Gordon Monk and the John Welch & Son Funeral Home. Your kindness will always be remembered. Edward Peacock and family.

I wish to thank my relatives and friends for their acts of kindness and get well wishes during my stay in Sunnybrook Hospital and since I've come home. Thanks again. Clair Roberts.

DINNER - \$4.25 ALL WELCOME

In Memoriam

AUSTIN - In loving memory of a dear husband, father, grandfather and great grandfather, Winnett Austin who passed away November 22nd, 1975.

His life is a beautiful memory. His death is a silent grief. He sleeps in God's beautiful garden. In sunshine of perfect peace. We miss him, oh how well. But realize God knew best. He let us have him many years. Then gently bade him rest. Ever remembered by the Family.

COUMBS - In loving memory of a dear son-in-law and brother-in-law, Lyle, who passed away so suddenly November 18th, 1974.

Beautiful memories are wonderful things. They last till the longest day. They never wear out. They never get lost. And can never be given away. To some you may be forgotten. To others part of the past. But to us who loved you and lost you. Your memory will always last. Lovingly remembered by all the **TEATRO FAMILY**.

COUMBS - In loving memory of a dear husband and father, Lyle, who passed away suddenly November 18th, 1974.

Just a prayer from the family who loved you. Just a memory fond and true. In our hearts you will live forever. Because we thought the world of you. A golden heart stopped beating. Two smiling eyes at rest. God took you to his heart. To prove he only takes the best. It was a sudden parting. Too bitter to forget. Only those who loved you. Are the ones who will never forget. Lovingly remembered by Bonnie, Ken and Chris.

LEWIS - In loving memory of a dear wife, Ethel, who passed away November 19th 1973.

For me the saddest of the year. A day of remembrance sad to recall. In my heart she was loved by all. Gone are the days we used to share. But in my heart she is always there. The gates of memory will never close. I miss her more than anyone knows. She's resting where no shadows fall. In peaceful sleep she awaits us all. God will link the broken chain. When one by one we meet again. Sadly missed and ever remembered by husband Raymond.

FLEMING, DOUGLAS - In loving memory of a dear husband and father who passed away November 24th 1974. No longer in our life to share. But in our hearts he is always there. Sadly missed by wife and family.

In Memoriam

LEWIS - In loving memory of a dear mother and grandmother, Ethel, who passed away November 19th 1973.

Wonderful memories woven in gold. This is a picture we tenderly hold. Deep in our hearts a memory is kept. To love, to cherish, to never forget.

Always remembered by daughter Madeleine, son-in-law Ken, grandchildren Dwayne, Michele and Kimberly Thompson.

RUSSELL WALTER HARRISON
in his 53rd year.

Beloved husband of Freda Mumby; and dear brother of Emma (Mrs. Higgins) of Toronto, Dorothy (Mrs. E. Bull) of Minden, Marshall of Minden, Gladys (Mrs. C. Holland) of Haliburton, Kay (Mrs. Campbell) of Toronto, Goldie of Sault Ste. Marie, and the late Nina Hewitt and Lee.

FUNERAL SERVICE
Rested at the Funeral Chapel of John Welch & Son Ltd. Minden, for funeral service in the Chapel on Tuesday November 16, at 1:30 p.m. Interment at Minden Cemetery.

DEATH NOTICE
Mrs. Leah May McColl, at Toronto, Tuesday, November 9, 1976. Leah May Peters, 27 West St. Bobcaygeon.

Beloved wife of the late Wm. H. McColl, loving mother of Fern (Mrs. W. Cairns) St. Catharines, Ruby (Mrs. Gordon Madill) Gooderham, Betty (Mrs. Reed Scriven) Keene, Margaret Carson, Bertram and William R. all of Bobcaygeon, Mossom of Peterborough. Dear sister of Verna (Mrs. H. Brundridge) Peterborough, Mrs. Violet Himmes and Stolman Peters of St. Catharines, Elgin and Orville Peters of Apsley. Family received friends at the Riverview Funeral Chapel, 6 Helen St. Bobcaygeon. Funeral service was Friday November 12, 1976 at 1:30 p.m. Interment Bobcaygeon.

Safe driving

The Canada Safety Council is introducing a new driving concept at the same time as it launches "Safe Driving Week" (December 1-7) for the 20th time. Called the "Time Interval Formula", this idea will help drivers adjust some of their habits to metric driving, and help keep them safe at the same time.

One of the major causes of traffic accidents, injuries and deaths, according to the Council, is following too closely. Unexpected turns or emergency stops by the vehicle immediately in front can lead to a crash if insufficient space is maintained.

Problem is not little farm land

Jim Webster, Victoria-Haliburton Progressive Conservative candidate, said that the farmer's problem today is not too little farm land, but the ability to produce far more food than people are willing to buy at a profitable price.

"We have the ability to increase production tremendously, providing consumers are willing to pay for it," Mr. Webster said. A release from Mr. Webster stated, "Some groups in Ontario are trying to promote a fear that Ontario will some day soon run short of food because of loss of farm land. They suggest that, even if the people of Ontario do not go hungry, millions of people in foreign countries could be fed if we moved not to freeze farm land."

He said that if society is willing to see that the farmer received a decent living from his land, he will produce all the food Ontario can use. "However, if society is unable or unwilling to face the facts squarely and pay him a fair price, then no amount of planning at any government level can guarantee our food supply," he said.

The average family in Ontario spends only 19 per cent of its income on food. In Japan and Britain it is 25 per cent in the Soviet Union 53 per cent," he said.

Those who are rightfully concerned about a shortage of food to provide to the hungry of the world must realize that all that is required, right here and now, is that farmers are paid enough to encourage them to increase production, Mr. Webster indicated.

Mr. Webster noted that, a farmer cannot produce more without cost to him, nor should he have to work without return either. Proponents of world feeding must be willing to accept the lower standard of living resulting from handing it over to the world's hungry. To the contrary, the evidence appears strong that Ontario's population wants a higher standard of living, not a lower one, and that it wants to spend less of its income on food.

"Anyone advocating a freeze on all farm land should be asked to explain how that freeze would keep farmers producing on that land. Sheer virtue is not enough of a motive for following a life as expensive as farming," he said.

Mr. Webster said that people who grumble about their grocery bills need be aware of what has happened and what is happening to the people who grow the groceries. While Ontario farmers got 9 1/2 per cent more for their products in 1975 than in 1974, their expenses increased so much that in the end - and that's an apt phrase - they actually ended up with 2.7 per cent less money in their pockets.

How many urban wage-earners took a pay cut last year? And if anyone were asked to, do you think they would stay on the job," he concluded.

What "time" did Paul refer to that was out of season? Is it not the time of Israel's national conversion which will take place when the Lord of Glory appears to set up His true Kingdom on earth? Paul and the Apostle were in his birth experience a type of the nation he belonged to. It is said that the Greek word that Paul uses to explain his new birth seems to indicate that of a child taken from its mother by what is called a Caesarian operation. What a tremendous fact this presents! Saul of Tarsus was born from the dead Judaistic system by a miraculous Divine operation and became the "chosen vessel" of God and was to become what the nation Israel should have been. They had been chosen to be God's witness to the rest of the world, but are now blinded in part until the out gathering of a people for the name of Christ, the Church and the Bride of Christ will be completed. Rom. 11:25-27.

Prophet after prophet foretells and predicts in clear and intelligent language that the now blinded set aside and suffering people of Israel, shall some day be regathered to their own land, reunited into one kingdom, converted and restored to Jehovah their God, with the "Righteous Branch" of David reigning over them. If in doubt of this, do not fail to scan such Scriptures as are found in: Leviticus 26:44-45, Isaiah 11:1-12, 27:13, 43:5-7, 60:8-10, Jeremiah 16:14-15, 23:5-8, 31:10, 32:37-43, 46:27-28, Ezekiel 34:11-16, 25:31, 36:6-38, 37:21, 39:25, Hosea 2:19, 3:4-5, Micah 2:12, 4:6-7, Zechariah 8:1-8, 10:6-11, Romans 11:25-27.

One dare not fail to recognize the facts that the predictions and forecasts of the Prophets of the Lord always find a literal fulfillment and are never merely spiritual. Witness the facts of the coming of Jesus as a "Babe", were they not literal, as the prophet had foretold? There is a long line of prophecies in the Old Testament which foretell Israel's dispersion and these have "all" been literally fulfilled. Just so, in like manner will the prophecies of their restoration literally come to pass. There are many who would claim that the return to their homeland, from Babylonian captivity filled the scene of the

prophets. Not so! That return while literally fulfilled did not deal with the final re-gathering as we are witnessing in this our day and age.

In the final restoration to the land, "all" the twelve tribes shall be gathered from "all lands", not just one as was the case in the return from Babylonian captivity. Isaiah 11:1-12, 43:5-6, Jeremiah 16:14-16. Likewise, when finally restored (as they are now already in part) the Jews shall "never again" be scattered among all the nations, as they have been since their return from Babylon. Amos, 9:14-15.

Not only is Israel to be restored to their own land, but what is more important is that they will "also" be restored to Jehovah their God, and He will set up a Kingdom over them. Lev. 26:40-43, Deut. 30:1-8, Ezekiel 34:22-31, 36:21-33, Zechariah 12:6-14.

It must be noted that a time of tremendous trouble for Israel, even when gathered into the land, precedes the glorious future they are destined to enjoy. The anti-Christ will sorely try them as the prophet predicts. It is thus that the "Great Tribulation" which Jesus speaks about in His prophetic chapters of Matthew 24-25 will be their portion and like Saul of Tarsus, only Christ did the rest."

the "Hand of God" will make the nation cry for deliverance.

In that day the Lord Jesus will appear unto Israel setting his feet upon Mount Olivet. Matt. 24:29-30, Isaiah 24:23, Jer. 23:5-8, Zechariah 3:15-18, Zechariah 14:4. It is then that Israel who in their blindness and unbelief rejected and crucified their King, will look upon Him whom they have pierced, and recognize Him by the scars in His body and like Saul of Tarsus repent. Zech. 12:10, Rev. 1:7, Rom. 11:26, Isaiah 59:20-21.

Then will the Lord Jesus Christ not only be the King of the Jews, but also the King over the earth, as Scripture proclaims, "King of Kings, and Lord of Lords." Zechariah 14:9, Rev. 11:15, 19:16.

It is in all this setting that "Saul of Tarsus" is a beautiful preview of the national conversion of Israel. This is why he saw his conversion as an act of God "out of due time." Just as he was converted by the appearing of the Lord of Glory, so will Israel be in God's own time. Just as he was transformed and made a vessel of glory so will Israel be. The stage is set. Israel is in her land, but in unbelief and blindness still, and will be so until the Lord appears unto them from the Heavens. It is like the little boy said who was questioned as to the reality of his conversion, "I resisted and Jesus Christ did the rest."

Man answered two charges in court

Hilliard John Raymond of Minden appeared before the provincial court in Minden on November 9 to answer two charges of failure to appear at earlier dates.

On January 29, Mr. Raymond was charged with impaired driving and failure to give a breath sample. He appeared in court on March 30 and the case was moved to April 27 to set a date for trial. On the trial date, August 31, Mr. Raymond did not appear in court. On September 1 he received notice from the OPP that a warrant had been issued and he was to appear on September 14 to set another date for trial. He did appear, the warrant was rescinded and date set for October 29, when he failed to appear. A second warrant was issued. Mr. Raymond came before the court on November 9. He

pleaded guilty to the charges of failure to appear. The crown attorney said

that the pattern was serious in nature and showed a contempt of court. He also

noted the inconvenience caused to both the public and the court.

Judge Inrig levied a fine of \$75 and \$5 costs for the

first offence and \$100 for the second.

Mr. Raymond pleaded not guilty to the original charge of impaired driving. On the evidence of police officers, and in the absence of any defence, there was a finding of guilty.

Mr. Raymond had been convicted of a refusal to blow a breath sample in 1971. According to the criminal code, conviction of blowing over .08 per cent and related charges are considered a previous conviction to a charge of impaired driving. Mr. Raymond's conviction on the impaired driving charge was therefore considered a second offence, liable to a minimum imprisonment of 14 days. The judge provided a 14 day intermittent sentence to be served over three weekends, and a probation of 30 days during which Mr. Raymond is to consume no alcohol.

The evidence brought forward was applied to the charge of failing to comply with the demand for a breath sample, and a sentence was given to be served concurrently with the first.

Media scaring Canadians

Postmaster General J.J. Blais told Victoria-Haliburton Liberals that the people of Canada are uncertain and frightened and that the media has played an unsettling role by playing up controversial issues while neglecting to communicate other facts to the people.

Mr. Blais was speaking to the local Liberals at their annual meeting held recently at Downeyville.

He told the gathering that Canada had one of its biggest booms from 1960 to 1973 "then the bottom fell out. Many people felt they

were heading for the depression of the 1930's."

He noted that it did not happen. "We have come through one of the worst economic situations since the 30's and Canada has come through relatively unscathed," Mr. Blais commented.

The gross national product has increased, inflation has stabilized and food costs are 4.3 per cent less than they were last year at this time, he pointed out.

Mr. Blais added that the country has wage and price controls that work.

He said the real income of Canadians has increased

more than eight per cent and "we still haven't felt the shock in the rear we were expecting."

Mr. Blais said there has been so much political debate in the last three years that facts and information have not been communicated to the people.

He said the media has been so concerned with controversies that they have neglected to communicate other facts to the people.

"People are so concerned about navel-gazing that they don't recognize that we have native intelligence. We are making decisions and will continue to make them."

Hospital

In the hospital this week are Kenneth Scott, George Ellstone, Ross Bryant, Mrs. Eva McPhail, Mrs. Louella Griffin, Mrs. Mary McCrae and Mrs. Laurie Sisson and baby girl.

HHSES News

On November 10 a group of 20 teachers from the Senior Elementary School travelled to Ottawa to visit school under the jurisdiction of the Carleton Board of Education. Other teachers visited schools in Peterborough, Lindsay, Toronto and St. Catharines.

In Ottawa the grades 7 and 8 teachers went to the Sir Winston Churchill School, the grades 4, 5 and 6 teachers visited Fisher Heights School and Specialist teachers went to Meadowlands and Crystal Bay Schools.

During these visits the teachers were able to view the facilities and see teachers and programmes at work. It was also an opportunity to discuss common subject areas, problems and solutions.

All the Haliburton teachers visiting Ottawa attended the Remembrance Day Services at the National War Memorial on Thursday. This was a very moving and memorable experience.

On Friday morning they were again at the schools to which they had been assigned. Once again they were able to visit classrooms and had a greater opportunity to question the staffs of these schools regarding programmes, subjects, administration, testing, evaluating, etc.

The Ottawa staff treated them to a delightful luncheon at noon on Friday.

Thanks have been sent to the Carleton Board and the schools visited.

This was a very rewarding Professional Development session. Much was gained by all staff members. H.H.S.E.S. hopes to play host to these schools sometime in the future when they journey to look over the Haliburton educational system.

Maxine Magee
candidate

Maxine Magee, a resident of Dysart for 27 years, living at Pine Lake and an employee of the Haliburton County Board of Education for five years, has announced her intention to run for Councillor of Ward 3, Dysart et al.

Mrs. Magee, now a housewife, feels that there should be development only when it is properly controlled and carefully planned. She would like to see a greater tax dollar value given to the so-called seasonal residential property owners of the municipality. In addition, she feels that she can provide good representation as a permanent resident who can devote her full time to the needs of Ward Three.

Report from Queen's Park

by MPP John Eakins

The Provincial Government has resubmitted legislation on Farm Income Stabilization, and the Liberal Party supports the proposed new plan in principle, although we are opposed to some aspects, which we hope the Government will agree to amend. We want an amendment to increase substantially insurance for farmers, and so do the N.D.P., and there are two other amendments which we consider very important, for example, explain exactly what he means by the phrase "cash-cost", which is crucial to the intent of the legislation.

We want the bill amended so that the degree of stabilization or insurance will be based on a farmer's full cost of production of a commodity rather than just part of the cost. Essentially the bill is designed to guarantee Ontario farmers at least 95% of the average price of their products in the previous five years, and would supplement a federal government scheme giving 90% coverage on some products.

The government bill refers to "cash-costs", we use the term actual costs, while the N.D.P. prefer the term current costs. The Minister has stated that if what the Opposition Parties have in mind is that the bill should be based on full production costs, then we're "heading toward incentive pricing and that's what we don't want. Nor do the farmers want it."

Jack Riddell, Liberal M.P.P. (Huron-Middlesex) has stated that we have been led to believe Mr. Newman would support our amendments "through discussions I had with the Minister."

Donald MacDonald, the N.D.P. Agriculture Critic, accompanied by Stephen Lewis, expressed the party's intention to vote against the farm legislation, saying "I would be delighted to fight an election on this issue."

The Minister of Revenue has announced that the extended audit of \$1,000 Ontario first homebuyer grants will concentrate on groups where the suspected fraud rate is highest. The Government had intended to end the audit of the first payment under the grant scheme December 31st, but has yielded to Opposition pressure and decided to continue on a reduced scale. During the extended audit, investigators trying to recover money for the Government will check names of claimants against lists of those who claimed provincial property tax credits before 1975 as an indication of recipients who had previously owned houses. They will likely single out recipients who made large down payments, and might also check on those who received the \$1,000 cheques but did not claim the first of two supplementary \$250 cheques to which they are entitled if they are still living in the same houses.

Apprenticeship training prepares people to enter skilled trades and earn a better living.

This is what Ontario is doing to help provide that training.

Ontario's growing economy has created a continuing need for qualified individuals in all fields, and especially in the skilled trades.

To meet this demand, the Ontario Ministry of Colleges and Universities Apprenticeship Program offers systematic on-the-job training and related classroom instruction in many trades.

Depending on the trade, an apprenticeship varies in length from 2 to 5 years, and apprentices are paid an increasing percentage of the going rate for fully-qualified tradespeople. At the conclusion of the training period, an apprentice will qualify for a Certificate of Apprenticeship and, where applicable, a Certificate of Qualification.

Your Ontario Government has prepared a special booklet, "Training for the Skilled Trades", which describes the apprenticeship program, lists the trades which it covers and explains how to get into the program.
